

Appl. No.: 10/023,284
Amdt. dated: 10/7/2005

REMARKS

A Petition to Revive is enclosed. Also enclosed is a Request for Continued Examination requesting that the Amendment filed on July 19, 2005 be entered. In response to the issues raised in the Advisory Action mailed on September 22, 2005, claims 3, 11, and 15 have been amended to correct the issue with respect to the cavity as recited in the claims. In particular, the cavity is defined between the shell and the motor unit. This is clearly supported in the specification. The Examiner's attention is respectfully directed to paragraph [0018]. With respect to the other issue raised in the Advisory Action, it is respectfully submitted that claims 2 and 5 are not redundant. In particular, claim 2 recites that the motor unit includes an end bell and a lead housing, whereas claim 5 recites that the shell contacts the end bell and the lead housing. Based on the above, it is respectfully submitted that the application is in condition for allowance.

Respectfully submitted,

KATTEN MUCHIN ROSENMAN LLP
